President's Message

Dear WSC Members,
We are midway through the summer enjoying the usual summer activities... and yet, here at the Club, we are putting the final touches on our 2024 Ski Season. All of our trips are steadily filling up (Vail is already wait-listed), so don't delay. If you wish to ski with your Club, send in your trip applications now before the trips open up for all EPSC members.

I am glad to announce that Linda Falconi has agreed to be the new Editor of our club newsletter, *Snow Plow Scrapings*. Linda will be providing us with the latest information on the multitude of activities that WSC provides. Welcome aboard Linda! She succeeds Bill Champion who can now focus his energy on Membership and concoct amazing new charts to tabulate our membership.

I would also like to thank Beth Lovering for hosting the recent Happy Hour at the Delaware Art Museum on Delaware Ave. Beth does her best to bring some culture into our athletic lives. And thanks also to Sandy Dobbs, our Website manager, for another well attended and entertaining Home Happy Hour. There are a couple more HHH's on the horizon: Anne Ceres' on July 28 and The Falconi's, in New Jersey, on Aug 5. (the 5th is a Saturday!). Please consult Scrapings for the addresses.

That's it for now. Remember to keep up to date with our myriad Club activities via the Blast, Scrapings, and our Website. See you at our next monthly meeting arranged by our new Meeting Coordinator, Marianne Kennedy on Aug 9 at The Marshalton Steak and Seafood.

Council meetings are held via video conference on the fourth Tuesday of each month unless otherwise noted in the *Snow Plow Scrapings*, on the website or by email. Meetings start at 7:30 pm and are open to all WSC members. Please contact a Council member for access information.

SNOW PLOW SCRAPINGS is the monthly newsletter of the Wilmington Ski Club. Please contact the Membership Committee about questions concerning the *Scrapings*. In order to have the *Snow Plow Scrapings* issued in a timely manner, submissions will generally not be accepted after the 20th of each month. All submissions are subject to WSC Council approval.

It's time to renew your membership!

It's that time of year again when we ask you to renew your membership in the Wilmington Ski Club.

Your annual dues fund club activities like **meetings (room rental and/or food), barbeques and club dinners**. They allow us to procure outings **supplies** and support other club costs such as **website hosting, email services, surveys, printing, insurance, taxes and other fees**.

Your dues do not fund ski trips which are self-funded by those who go on them. Thus even if you do not ski or snowboard, but participate in club activities, we ask that you renew your membership. This will help the club continue to operate and provide fun social activities for all our members. Annual dues are only \$40 for an individual or \$56 for a family. Our membership year runs from July 1 through June 30. **Please renew now.**

Thank you and we look forward to another active year in the WSC.

MEMBERSHIP INFORMATION: Prospective members can pick up an application at the monthly club meeting or download a membership form from our website (www.wilmski.org) and mail to WSC, PO Box 4759, Wilmington, DE 19807 along with your check made out to WSC.

Yearly Dues: \$40.00 (individual) or \$56.00 (family) membership.

What do you do in the off season when there's no skiing? You play the fastest growing sport in the nation - pickleball! I have 2 private pickleball courts where I live and I'd love to share what I've learned so far. It's a super fun sport, easy to learn, (harder to master)! No experience necessary and we have enough equipment for 8 players. If we have more than 8, we'll rotate new players in. Both experienced and newbies players are welcome. Also feel free to come and watch.

Rain/high winds/extreme temps will force a cancellation. Please email or text with your contact info if you'll be playing. I'll contact those who've confirmed if a cancellation occurs. If you're interested in future pickup games email me with your info. See you on the courts!

It's not really an epic adventure to select the right pass for next season.

Chris Bassett

As you know, the Club's 2024 North American ski trips are all to ski areas operated by Vail Resorts. Accordingly, Whistler Blackcomb (January 20-27,) Vail (February 3-10,) and Heavenly (March 16-23) all accept the Epic Pass®. And for our European trip, MaDonna di Campiglio (March 1-12) accepts the full Epic Pass as well. Indeed, you may well find it less expensive to use some version of an Epic Pass than trying to buy tickets directly from the resorts.

But you may be thinking, "I only plan to go on one of the trips next year and I don't think that a full-blown Epic Pass will be right for me." That is certainly a reasonable concern. But the good news is that the Epic Pass program has a variety of pass options, from a single day for one resort to up to 7 days at each of over 40 locations.

Probably you know about the full **Epic Pass**; 7 days of skiing, over 40 resorts, no blackout dates. Or, maybe you've considered the **Epic Local Pass** that gets you 5 days at most of those resorts but with some restrictions, such as holiday blackouts or 10 combined days at Whistler Blackcomb, Vail, and Beaver Creek. But did you know about the **Epic Day Pass**?

The Epic Day Pass might be right for you.

Depending on which trip you go on, you may find that the **Epic Day Pass** will fit your needs. Quoting from *epicpass.com*, "*The Epic Day Pass can be customized to fit your plans for the season. You can build your own pass based on the number of days you plan to ski or ride (1-7), whether you want access on restricted days, and how many resorts you want access to (All resorts, 32 resorts, or 22 resorts). You can use your days when you want throughout the season – they do not have to be consecutive.*"

Day Pass allows you to ski at a variety of the Epic resorts, not just one. So, you could ski several days on one of our North American trips and save a day or two for something in Pennsylvania, Vermont or New Hampshire. The tool is quite helpful. You just need to identify where you want to ski and how many days.

Again, if you think you will ski more than 7 days, then an **Epic Local Pass** or a full **Epic Pass** may be right for you. Remember, though, that while **Epic Pass** products have just gone on sale, historically, the prices have increased as we get closer to the season. So, you may save some money by deciding sooner rather than later where you want to ski next season.
