President's Message

Greetings and Happy Summer.

As we begin June, we are holding online elections of officers. Fortunately, we have a slate of experienced and dedicated nominees for President, Vice President, Secretary, Treasurer and Assistant Treasurer. I thank John, Mat, Denise, Pam and Raciell for offering their time and commitment to your Club. Please vote.

We still need **YOU!** There are voting Council positions, Meeting Coordinator and *SnowPlow Scrapings* Editor, that need new people to take over. And we have a couple of other openings that need your help. The simple truth is that without new volunteers, there will be fewer activities and, perhaps, fewer trips. Events could even be cancelled for lack of leaders. **You** can make the difference for your Club. **You** make your Club possible. Please help. Thank you.

June Meeting:

A COOKOUT on a SPECIAL DATE at a SPECIAL LOCATION – Wednesday, June 7 at The Village of Hershey Run Clubhouse. As we discussed at the last meeting and have advertised for a couple of months, our June meeting will be on **Wednesday, June 7.** And it will be at **The Village of Hershey Run Clubhouse.** For the BBQ, your Club will provide the food for the grill, buns, condiments and

some snacks as well as water. Everyone please bring an appetizer or dessert to share, as well as a bottle of wine or other desired beverages. We are looking for volunteers to help with the setup, clean up and to man the grill. Please contact Madeline Auman (bcahma@sbcglobal.net) to tell her how you'll help..

During the meeting, we'll announce the election results and discuss the 2024 North American trips to Whistler, Vail and Heavenly. Sign up for those trips will begin for Continuous Members on July 1.

June Home Happy Hours

This month we are holding two Home Happy Hours. On June 2nd, Sarah and Michael Berninger are hosting and on June 30, Sandy Dobbs is hosting. What a terrific month.

And Goodbye. This is my final *Scrapings* message as your Club's president. Thank you for your trust and support during the past months. I thank the other members of your Council for their diligence and efforts. Finally, thanks to all who have volunteered to make your Club special.

Cheers and see you on the slopes!

Chris

Raindate Thr., 06/29/23

1 Hershey Run Drive, Wilm. 19804

What do you do in the off season when there's no skiing? You play the fastest growing sport in the nation - pickleball! I have 2 private pickleball courts where I live and I'd love to share what I've learned so far. It's a super fun sport, easy to learn, (harder to master)! No experience necessary and we have enough equipment for 8 players. If we have more than 8, we'll rotate new players in. Both experienced and newbies players are welcome. Also feel free to come and watch.

Rain/high winds/extreme temps will force a cancellation. Please email or text with your contact info if you'll be playing. I'll contact those who've confirmed if a cancellation occurs. If you're interested in future pickup games email me with your info. See you on the courts!

It's not really an epic adventure to select the right pass for next season.

Chris Bassett

As you know, the Club's 2024 North American ski trips are all to ski areas operated by Vail Resorts. Accordingly, Whistler Blackcomb (January 20-27,) Vail (February 3-10,) and Heavenly (March 16-23) all accept the Epic Pass®. And for our European trip, MaDonna di Campiglio (March 1-12) accepts the full Epic Pass as well. Indeed, you may well find it less expensive to use some version of an Epic Pass than trying to buy tickets directly from the resorts.

But you may be thinking, "I only plan to go on one of the trips next year and I don't think that a full-blown Epic Pass will be right for me." That is certainly a reasonable concern. But the good news is that the Epic Pass program has a variety of pass options, from a single day for one resort to up to 7 days at each of over 40 locations.

Probably you know about the full **Epic Pass**; 7 days of skiing, over 40 resorts, no blackout dates. Or, maybe you've considered the **Epic Local Pass** that gets you 5 days at most of those resorts but with some restrictions, such as holiday blackouts or 10 combined days at Whistler Blackcomb, Vail, and Beaver Creek. But did you know about the **Epic Day Pass**?

The Epic Day Pass might be right for you.

Depending on which trip you go on, you may find that the **Epic Day Pass** will fit your needs. Quoting from *epicpass.com*, "The Epic Day Pass can be customized to fit your plans for the season. You can build your own pass based on the number of days you plan to ski or ride (1-7), whether you

want access on restricted days, and how many resorts you want access to (All resorts, 32 resorts, or 22 resorts). You can use your days when you want throughout the season – they do not have to be consecutive."

To help you figure out which option is best for you, the Epic Pass website has a tool to assist. Go to the [Epic Pass](#) website and select the *Passes* dropdown list and then select **Epic Pass**. You will see a description of the pass options. Scroll down to "Not Finding the Pass for You?" and there's a link for "View All Passes." Check out the section on **Epic Day Pass**. You'll see a tool to help you select the right option. And remember that an **Epic Day Pass** allows you to ski at a variety of the Epic resorts, not just one. So, you could ski several days on one of our North American trips and save a day or two for something in Pennsylvania, Vermont or New Hampshire. The tool is quite helpful. You just need to identify where you want to ski and how many days.

Again, if you think you will ski more than 7 days, then an **Epic Local Pass** or a full **Epic Pass** may be right for you. Remember, though, that while **Epic Pass** products have just gone on sale, historically, the prices have increased as we get closer to the season. So, you may save some money by deciding sooner rather than later where you want to ski next season.
