SNOW PLOW SCRAPINGS is the monthly newsletter of the Wilmington Ski Club. Please contact the Membership Committee about questions concerning the *Scrapings*. In order to have *the Snow Plow Scrapings* issued in a timely manner, submissions will generally not be accepted after the 20th of each month. All submissions are subject to WSC Council approval.

Wilmington Ski Club President's Message September 2023

Dear WSC Members,

While summer is still with us and the ski season seems very far away, the WSC Activities Committee is setting up outings and events to keep all of us entertained and connected. Recent Home Happy House hosted by Anne Ceres in Wilmington and the Falconi's in New Jersey were hugely successful. Thank you Anne, Linda and Greg. We are now looking forward to the September 8 Home Happy Hour at Pam and Larry Kiss's home. Drop them a text or email if you are planning to attend.

There are other events that our Activities Committee are planning. On Aug 31, there will be a boating and hiking outing at Lum's Pond Park followed by a Happy Hour at Grain H2O at the Summit North Marina. Both events will be hosted by Beth Lovering. (You can try out the Go Ape Zipline and Tarzan Swing at the Park). Beth is also hosting a Happy Hour at Docklands on the Wilmington Waterfront on its covered outdoor patio on Sept 15 at 5 pm.

Sandy Dobbs has planned the "Twilight on the Terrace" at Mt. Cuba (enter off Barley Mill Road) on Sept 1. Bring your lawn chair and favorite beverage and listen to Rhythm and Blues music with your friends under the stars. A large contingent of club members enjoyed last year's show.

And,...oh yes, skiing stuff! We are always looking to enlarge our corps of ski trip leaders and assistant leaders. Please contact either Kurt Tappe or Anne Ceres if you are interested in learning the steps to become a WSC trip leader.

Well, that's all for now. Remember to keep up to date with all of your Club's activities via the Blast, Scrapings and the website. Hope to see you at our next monthly meeting, September 13 at the Marshallton Steakhouse.

What do you do in the off season when there's no skiing? You play the fastest growing sport in the nation - pickleball! I have 2 private pickleball courts where I live and I'd love to share what I've learned so far. It's a super fun sport, easy to learn, (harder to master)! No experience necessary and we have enough equipment for 8 players. If we have more than 8, we'll rotate new players in. Both experienced and newbies players are welcome. Also feel free to come and watch.

Rain/high winds/extreme temps will force a cancellation. Please email or text with your contact info if you'll be playing. I'll contact those who've confirmed if a cancellation occurs. If you're interested in future pickup games email me with your info. See you on the courts!

Epic Pass Information

It's not really an epic adventure to select the right pass for next season.

Chris Bassett

<https://www.epicpass.com/>

The *Epic Day Pass* might be right for you.

Depending on which trip you go on, you may find that the ***Epic Day Pass*** will fit your needs. Quoting from *epicpass.com*, "*The Epic Day Pass can be customized to fit your plans for the season. You can build your own pass based on the number of days you plan to ski or ride (1-7), whether you want access on restricted days, and how many resorts you want access to (All resorts, 32 resorts, or 22 resorts). You can use your days when you want throughout the season – they do not have to be consecutive.*"

Day Pass allows you to ski at a variety of the Epic resorts, not just one. So, you could ski several days on one of our North American trips and save a day or two for something in Pennsylvania, Vermont or New Hampshire. The tool is quite helpful. You just need to identify where you want to ski and how many days.

Again, if you think you will ski more than 7 days, then an ***Epic Local Pass*** or a full ***Epic Pass*** may be right for you. Remember, though, that while ***Epic Pass*** products have just gone on sale, historically, the prices have increased as we get closer to the season. So, you may save some money by deciding sooner rather than later where you want to ski next season.

[Table of Contents](#)

As you know, the Club's 2024 North American ski trips are all to ski areas operated by Vail Resorts. Accordingly, Whistler Blackcomb (January 20-27,) Vail (February 3-10,) and Heavenly (March 16- 23) all accept the Epic Pass®. And for our European trip, Madonna di Campiglio (March 1-12) accepts the full Epic Pass as well. Indeed, you may well find it less expensive to use some version of an Epic Pass than trying to buy tickets directly from the resorts.

But you may be thinking, "I only plan to go on one of the trips next year and I don't think that a full-blown Epic Pass will be right for me." That is certainly a reasonable concern. But the good news is that the Epic Pass program has a variety of pass options, from a single day for one resort to up to 7 days at each of over 40 locations.

Probably you know about the full ***Epic Pass***; 7 days of skiing, over 40 resorts, no blackout dates. Or, maybe you've considered the ***Epic Local Pass*** that gets you 5 days at most of those resorts but with some restrictions, such as holiday blackouts or 10 combined days at Whistler Blackcomb, Vail, and Beaver Creek. But did you know about the ***Epic Day Pass***?

Sangria Recipe – Food Network
