SNOW PLOW SCRAPINGS is the monthly newsletter of the Wilmington Ski Club. Please contact the Membership Committee about questions concerning the *Scrapings*. In order to have *the Snow Plow Scrapings* issued in a timely manner, submissions will generally not be accepted after the 20th of each month. All submissions are subject to WSC Council approval.

Wilmington Ski Club President's Message November 2023

Dear WSC Members,

With the arrival of November, we are closing in on the Holiday season and not far behind is our (my) favorite – ski season. And to get us started, Marianne is having Chris Laughlin from the Ski Bum show us what we should be putting on and standing on in the coming months. So please join the Club for our Monthly Meeting at the Marshallton SteakHouse & Seafood on Nov 8 to see the latest trends in the ski industry.

The final results from the WSC rafting expedition on Oct 7 are in! Six hardy members, led by Bill (Whitewater) Champion, entered the fierce rapids of the Lehigh River and all six emerged (some wetter than others!). The crew all admitted to having had a great experience and are looking forward to increasing their numbers and are planning for a return assault in August.

Beth Lovering claims another successful outing in the recent “Throwback Thursday” happy hour that she hosted at the Penns Wood Winery. Fourteen attendees enjoyed “great wine in a beautiful setting”.

And our social season is just getting under way! We hope to see many of you at the home happy hour (HHH) hosted by Jim and Sue Gargel on Nov 3rd. And on Nov 10, Linda Falconi (our Scrapings Editor) and Marie Maks (docent), will lead us on a tour of the Anne Lowe Exhibit at Winterthur (win-ter-ter). Please see the Blast or Scrapings for further details on these and other events.

We will then cap off the 2023 season with the Mittens' Annual Christmas Party on December 1 . Mat and Sue will, as in the past, be accepting any of our unused or underused winter coats for distribution to the needy .

WSC's 2024 ski trips are approaching the deadline for sign-ups. These are all popular destinations at extremely reasonable prices. Don't miss out on what promises to be a great ski season!

Renew your membership! Wilmington Ski Club

<https://www.wilmski.org/membership>

Your annual dues fund club activities like **meetings (room rental and/or food), barbecues and club dinners**. They allow us to procure outings **supplies** and support other club costs such as **website hosting, email services, surveys, printing, insurance, taxes and other fees**.

Your dues do not fund ski trips which are self-funded by those who go on them. Thus even if you do not ski or snowboard, but participate in club activities, we ask that you renew your membership. This will help the club continue to operate and provide fun social activities for all our members.

**Yearly Dues: \$40.00 (individual)
\$56.00 (family)**

Our membership year runs from July 1 through June 30.

Thank you and we look forward to another active year in the WSC.

Epic Pass Information

It's not really an epic adventure to select the right pass for next season.

Chris Bassett

<https://www.epicpass.com/>

As you know, the Club's 2024 North American ski trips are all to ski areas operated by Vail Resorts. Accordingly, Whistler Blackcomb (January 20-27,) Vail (February 3-10,) and Heavenly (March 16- 23) all accept the Epic Pass®. And for our European trip, Madonna di Campiglio (March 1-12) accepts the full Epic Pass as well.

Indeed, you may well find it less expensive to use some version of an Epic Pass than trying to buy tickets directly from the resorts.

But you may be thinking, "I only plan to go on one of the trips next year and I don't think that a full-blown Epic Pass will be right for me." That is certainly a reasonable concern. But the good news is that the Epic Pass program has a variety of pass options, from a single day for one resort to up to 7 days at each of over 40 locations.

Probably you know about the full **Epic Pass**; 7 days of skiing, over 40 resorts, no blackout dates. Or, maybe you've considered the **Epic Local Pass** that gets you 5 days at most of those resorts but with some restrictions, such as holiday blackouts or 10 combined days at Whistler Blackcomb, Vail, and Beaver Creek. But did you know about the **Epic Day Pass**?

The Epic Day Pass might be right for you.

Depending on which trip you go on, you may find that the **Epic Day Pass** will fit your needs. Quoting from *epicpass.com*, "*The Epic Day Pass can be customized to fit your plans for the season. You can build your own pass based on the number of days you plan to ski or ride (1-7), whether you want access on restricted days, and how many resorts you want access to (All resorts, 32 resorts, or 22 resorts). You can use your days when you want throughout the season – they do not have to be consecutive.*"

Day Pass allows you to ski at a variety of the Epic resorts, not just one. So, you could ski several days on one of our North American trips and save a day or two for something in Pennsylvania, Vermont or New Hampshire. The tool is quite helpful. You just need to identify where you want to ski and how many days.

Again, if you think you will ski more than 7 days, then an **Epic Local Pass** or a full **Epic Pass** may be right for you. Remember, though, that while **Epic Pass** products have just gone on sale, historically, the prices have increased as we get closer to the season. So, you may save some money by deciding sooner rather than later where you want to ski next season.

October Raft Trip on the Lehigh River – Oct 7

Start of the trip; we are still having fun

We had a very exciting raft ride down the Lehigh River. Generally, the Lehigh is a fun river with a few interesting rapids. But with the rain and Mega-Dam Release, there was a lot higher flow in the river! It went from fun to exhilarating. We got to make full use of our wetsuits.

Jim Gilchrist posted some pictures on the ski club Flickr page. Unfortunately, Jim had to paddle through the more “interesting” parts of the trip.
