Wilmington Ski Club President's Message February 2024

*Happy Valentine's
Day!*

Dear WSC Members,

The WSC ski season has officially started! Led by Marty Rattigan and Clare Matis, an eager bunch of club members bussed to Elk Mountain on Friday, Jan 12. They were greeted by clear weather, good snow conditions, and NO lift lines. Everybody got their quota of "turns" in, the après ski refreshments were readily consumed, and the ride home was blissfully peaceful. Our next Elk trip will be Friday, Feb 16, and will be led by Kit Fieber and Marianne Kennedy. This is when conditions at Elk are peaking so don't be left out! Hint for first timers: pack your gear in boot and ski bags. This keeps your gear together and protected in the storage area under the bus. Leading day trips is a steppingstone to leading weeklong trips. Contact Larry Kiss if you are interested. Our next WSC monthly meeting will be on Valentine's Day, Feb 14 at Grotto's Pizza on Penna Ave. Hope to see you there!

Racing

The Mid-Atlantic Masters PA Cup races were held Jan 20 at Montage and Jan 21 at Bear Creek. Montage was both Giant Slalom and Slalom on the same day; Bear Creek was Giant Slalom.

Wilmington came in second place for team competition at the Montages races and second place overall for the weekend.

For combined races (i.e., both days), Paul Fowser won second place in Group B and not to be outdone, Susan Maximuk won first place in Group B. It should be noted that Paul tunes Susan's skis. So, he gets some credit for her performance.

The first weekend in February is a big race at Okemo, VT. It is a joint race with New England Masters.. Feb 1 is Super-G, Feb 2 is Giant Slalom and Feb 3 is Dual Slalom.

The complete Mid-Atlantic Masters race schedule is on their website (<https://mamasters.org/schedule>).

Japan EPSC Council Trip – February 21 – March 7, 2025

Trip of a Lifetime!!

Additional Information

Trip Description:

EPSC INTERNATIONAL TRIP

- EPSC has put together an amazing trip of a lifetime for the 2025 ski season for people who have always dreamed of traveling to Japan and skiing Japan's amazing powder!! The details of what is included are listed on the other side of the flyer.
- First, we will spend three nights in Tokyo to unwind from the flight and do some sightseeing in Japan's biggest city which has a lot to see. Some of Tokyo's standout, must see attractions include: the pulsating city lights and shopping of Shinjuku, Shibuya and Ginza, the electronic district of Akihabara and the world famous Tokyo Disneyland and Tokyo Disney Sea, the amazing sumo stables, Tsukiji Fish Market, Imperial Palace, Tokyo Tower and Tokyo Skytree, along with the must see Sensoji Temple. A tour of Tokyo will be provided as part of the trip.
- Then we will head to the Hakuba Valley Ski region which is located just over 200km from Tokyo. Hakuba is located at the foot of the Japanese Alps which tower above Hakuba, reaching over 3000m above sea level.
- With over 200 runs and almost 150 lifts and gondolas across the resorts; Hakuba really has to be skied to be believed.
- On top of the great Powder Snow which Hakuba is famous for (Hakuba averages over 10m of snow every year), Hakuba also offers great skiing and snowboarding for the whole family. Hakuba has a balance of 40% Beginner Runs, 40% Intermediate Runs and 20% Advanced Runs.
- Due to Hakuba's size and scale you will often find yourself on beautiful undisturbed runs and no lift lines. You get to enjoy more of what Hakuba has to offer. Due to the investment and infrastructure that Hakuba gained when it helped host the 1998 Nagano Winter Olympics getting around the mountain is fast and easy.
- Hakuba also has a great range of traditional restaurants and bars for great Après action and some of the best onsen's Japan has to offer to help take a way the aches and pains of the day.

Skiing:

- Hakuba is not a single resort, but is a spectacular valley spread over 40km, home to 10 resorts providing vast terrain for all levels of skiers and snowboarders. With so many Hakuba ski resorts to visit, there is truly something for everyone.
- You can ski any of the month the Standard 5-day lift pass included in the trip pricing.
- All ten Hakuba Valley Ski Resorts are also partners with the EPIC Pass which provides 5 consecutive days of skiing. If you plan to have an EPIC Pass in 2025, you can deduct the lift ticket cost (approx. \$250) from the trip pricing listed below. You can get details on the EPIC Pass details with Hakuba at the following website: <https://www.epicpass.com/region/partners/hakuba-valley-japan.aspx>
- You can get information on all of the ski resorts that are covered by our lift pass at the following websites:
